

To Whom It May Concern:

I am pleased to provide my strongest recommendation for **Bigarny Gutierrez**, who has supported me and my Key Account clients at UniUni for approximately a year and a half as a member of our Customer Service team.

In my role as a Key Account Manager, I work closely with some of UniUni's key business clients, and exceptional customer support is an important part of maintaining those relationships. Throughout the time I have worked with Bigarny, he has consistently demonstrated an exceptional level of professionalism, reliability, dedication, and commitment to the overall customer experience.

Bigarny has helped support a portfolio of approximately 15 Key Accounts, assisting both our clients and me with a wide variety of service needs. His responsibilities have included researching package inquiries, processing and following up on claims, handling escalations, coordinating address updates, investigating delivery concerns, and helping resolve time-sensitive or complex issues. These accounts often require a higher level of attention, urgency, and communication, and I have always been able to trust Bigarny to handle those situations professionally and thoughtfully.

What has impressed me most is not simply Bigarny's ability to complete the work, but the level of ownership he brings to it. He understands that behind every inquiry is a client relying on us for an answer or resolution. He is responsive, thorough, patient, and willing to follow an issue through rather than simply passing it along. Having his support has made a meaningful difference in my ability to provide a high level of service to my clients.

Just as importantly, Bigarny has been an incredibly dependable member of our extended team. I have trusted him with client-sensitive situations and escalations knowing he would communicate professionally, remain composed, and represent UniUni well. Over the past year and a half, he has earned both my trust and my respect.

Unfortunately, due to a business decision to transition away from the third-party organization currently providing this customer service support, Bigarny's role supporting UniUni is coming to an end. I want to emphasize that this change is in no way reflective of his performance or contribution. I am genuinely disappointed to lose him as part of my support team.

I would recommend Bigarny without hesitation for any customer service, client support, account support, logistics, or customer experience position.

Any organization would be gaining someone who is hardworking, dependable, professional, and genuinely committed to providing excellent service.

I am grateful for everything Bigarny has contributed to my clients and to me personally as their Key Account Manager, and I am confident they will bring that same level of dedication to their next opportunity.

Sincerely,

Ashley McGrady
Key Account Manager
